Hello Stewart,

I wanted to express my appreciating for yourself and your company for once again exceeding my expectations.

I have owned 3 homes from Cleveland Heights to South Euclid and now in Hudson, Ohio. Central Heating and Air Conditioning Co. has come out and replaced the HVAC in all 3 homes and I could not be more pleased with the service, installation and professionalism!

Mike and Matt were the best! They were very professional while in our home. The installation was very clean looking and the workmanship was high quality. Being that I am in the building industry, I see a lot of work and I must say I am always pleased with the work you and your team conduct. When finished, everything was cleaned and put back in place as if they were never here.

I would highly recommend your company to family and friends and will do so in the future!

Thanks again!

J.R.

Hudson, OH
